BENJAMIN BARKER

About US

With 10 stores across Singapore and stocked in stores in Australia, Cambodia, Malaysia and the United States, Benjamin Barker is a purveyor of smart-casual, heritage inspired apparel and a lifestyle destination for the discerning gentleman. Working closely with our partners, we make clothes that speak style and personality. Alongside our own products, we curate brands with similar alignment and have committed themselves to a high degree of handcraftsmanship.

Our Views About HR & Talent

We believe that we are only as successful as the people who make up the organization – as such, we focus very much on the development of all our team members both professionally as well as personally. Providing a hands-on experience and mentoring environment, we constantly look to help our team members up-skill and cross-skill to reach their goals.

Students' Feedback

Students who interned with us felt the internship was rewarding – the students are given opportunities to work across multiple departments and disciplines to allow a greater insight to the overall operations of the retail industry.

How have we collaborated with IHLs

Over the years, we have collaborated with several IHLs to offer internships. These IHLs range from the various polytechnics and universities both government and private. We also have had interns who later on continued to stay on as full-time team members.
